This letter is to make families aware of the cemetery fees that apply to the placement of a monument on our cemetery properties. Monuments are installed on a concrete foundation or runner. The cemetery installs these foundations dependent on the size of the monument that is ordered. A permit for monument installation is submitted by the monument company and a fee is assessed by the cemetery. This fee includes the concrete foundation itself, installation, as well as future re-leveling of the monument should it go off level.

See below the current breakdown of Foundation Fees based on the base size of the monument:

**Flat Marker Installation Fee: \$400.00**

**Military Marker Installation Fee: \$400.00**

**Upright Markers: Base size as follows:**

- 0" – 13" \$300.00
- 14" – 20" \$400.00
- 21" – 36" \$700.00
- 37" – 54" \$950.00
- 55" – 72" \$1250.00
- 73" – 90" \$1450.00
- 91" and up \$1650.00

**Additional \$400.00 Monument Maintenance Fee applies to monuments over 4 feet in height.**

**\*GST is not included in above fees.**

Please do not hesitate to contact our office should you have any questions regarding the above fees.

\*Please note that monuments damaged on our properties due to vandalism are not covered under cemetery insurance. Please inquire with your home insurance policy provider about covering your monument against vandalism.
